PRESIDENTS' DESK January 2019

...do I find rulers and have no earthly idea what they are for?

...do I turn to pick up something I just put down and it's not there?

...is there a wine opener in my sewing room?

...did I open the refrigerator door and not remember what I was going to grab?

...does it seem that sad things happen at the end of the year?

...did I wake up feeling depressed when I went to sleep happy?

...am I frustrated that the remote is not changing the TV channel (with the phone in my hand)?

...did I forget to set the needle to the center position when I switched to the quarter inch foot?

PRESIDENTS' DESK January 2019

My friends, I may not have the answers to many things, but what I do know is that we have all been there/done that at some point. If not, just keep living! I know that when one of us is down, we all rise up to lift that person up again. We have had several members that have needed uplifting and you all rose to the challenge. Each time I send out a message of a misfortune, you have responded with prayers, and requests to assist in any way and I have passed it on to them. I can only imagine how special you made them feel. For me, it was so sweet to know that we truly have a great bond with each other. How easy it is when each of us, one by one, can unite to do good and to love each other. So easy to plot good instead of bad. My conclusion is that we and others like us are doing good things in the world. Have good faith and cheer. You do make a difference.

Until next time.....

Ways and Means

Ways and Means will have the table set up at all meetings. Tickets are 6 for \$5.00 or \$1.00 each. This money helps to fund our Guild in many ways.

2019 Quilt Challenge

"Color My World"

This year's challenge is to use a triadic color scheme in your project. Choose 3 colors that are equally spaced on the color wheel. You may use tints or shades of these 3 colors. In order to complete your design, you may use any neutrals such as white, beige, gray or black.

Suggestions:

- 1) Find a color wheel to look at. Did you make one in Rachel's class? Do you have a quilt book that has a wheel? Do you have a tablet or computer where you can Google "Color Wheel"?
- 2) Look at a color wheel and find 3 colors that are equally spaced around the wheel such as: green, purple and orange. If you choose this triad of colors you can use any shades or tints of green, purple and orange in your quilt. Next you can add any neutrals to your quilt.
- 3) **For fun but not required:** Download this free or cheap APP on your phone or tablet, **Color Wheel-Basic color schemes** in the app, click on the icon "wheel" in the lower left to change the wheel from basic to tints or shades of colors. Next click on the 2nd icon from the left at the bottom. This icon will show you all of the triadic color choices.

Your fabric choices do not have to be solids. Try using this challenge as a stash buster!

RULES

Anything quilted and finished can be entered, such as tote bags, table runners, wall hangings, or quilts. The only size restriction is that the perimeter is 240 inches or less.

The quilts are due at the night meeting in September. Judging, prizes and fun
