

PRESIDENTS' DESK March 2019

President's Desk

My oh my, unlike most, I just love the rain and storms. Yep, always have. There are times, however, when certain storms come my way and I'm not so crazy about. Can we talk? I think our guild is just the greatest and it's made up of not a few, but all. When I hear negative things it weighs on my heart and I try to just think it out. So I'll let you in on my thinking: Each position is filled by folks on a volunteer basis and they all have responsibilities. Some positions are pretty intense and time consuming (ask me how I know that), but each person gives their best and really try to do a good job. I watch and listen to them. I'm sure there are many who have been in the guild much longer than me and some probably know all the by-laws by heart and how things have been done in the past and I admire that because I need a lot of advise and continue to count on some of you to guide me. However, I challenge all to be positive and have a positive word for every negative word that you hear. We need volunteers each year and that is the time to step up and make

a difference. Everyone has talent and skills that would enhance our guild. Each year the guild will change and so will the members but we should all work together for good. We are not perfect and things will never be so but I admire the people who either volunteer because they want to take a stab at it or those who volunteer because no one else will. What would we do without them? Could we as a guild be better? You betcha, but so is true for life. Let's try to help each other, offer support and lend a hand to those who are trying something new.

Thank you for lending me your shoulder and ear.

2019 Quilt Challenge

"Color My World"

This year's challenge is to use a triadic color scheme in your project. Choose 3 colors that are equally spaced on the color wheel. You may use tints or shades of these 3 colors. In order to complete your design, you may use any neutrals such as white, beige, gray or black.

Suggestions:

- 1) Find a color wheel to look at. Did you make one in Rachel's class? Do you have a quilt book that has a wheel? Do you have a tablet or computer where you can Google "Color Wheel"?
- 2) Look at a color wheel and find 3 colors that are equally spaced around the wheel such as: green, purple and orange. If you choose this triad of colors you can use any shades or tints of green, purple and orange in your quilt. Next you can add any neutrals to your quilt.
- 3) **For fun but not required:** Download this free or cheap APP on your phone or tablet, **Color Wheel-Basic color schemes** in the app, click on the icon "wheel" in the lower left to change the wheel from basic to tints or shades of colors. Next click on the 2nd icon from the left at the bottom. This icon will show you all of the triadic color choices.

Your fabric choices do not have to be solids. Try using this challenge as a stash buster!

RULES

Anything quilted and finished can be entered, such as tote bags, table runners, wall hangings, or quilts. The only size restriction is that the perimeter is 240 inches or less.

The quilts are due at the night meeting in September. Judging two categories Traditional and Artistic, prizes for the 1st 3 places in each categories and fun.
