

### **Materials Needed for the 10-Minute Block Program**

Each member interested in creating this "10 minute block" by Suzanne McNeill, needs to bring the following to class to practice this big fun block.

(I will have all 3 of her books so people can look and see what these blocks can become. I will have examples as well.)

5 - 8 1/2 inch blocks of fabric

4 the same color and  
one a coordinating color - maybe a print

Needle and thread to match

Thimble is a good idea as well.

Straight pins

Thread nippers

Here is a picture of the block taken from the WEB that might help you out.

We will have a few kits available for guest and those who are "forgetters" (SMILE)
