

Materials Needed for the Folded Flowers and More Program

For the folded flowers bring 6" squares of fabric.

For the origami shirts bring rectangle pieces 9" x 15" or 6" x 10"

Bring a few pins, needle, thread, scissors - NO SEWING MACHINES.

We will be doing finger pressing so if you have little wooden sticks to press with, bring that.

You can also bring little Clover Irons. Broach will have a couple of big irons to use on finished flowers.

Broach will give Joany directions on making the shirts to put on the web. Our guild has the book Fabric Folding by Rebecca Wat in the library. Due to copyright laws we can't put directions on the web for the folded flowers.

Note: We are requesting that the room is set up with tables for the members since we are doing hand sewing.
