

## Quarter Square Triangles Are So-o-o-o Easy

**By Rachel and Charlie Phaneuf**

The program committee of our wonderful Cherokee Rose Guild has offered us a chance to share information about a great computer program called Triangulations. With this program you can make the perfect quarter-square and half-square triangles.

So during the May day meeting May 8<sup>th</sup>, we will show you how to use the program, share these simple patterns and demonstrate how to create these great table toppers which are fun and fast to make. Then you can surround your large blocks with borders of your own design.

Along with your regular quilting supplies, bring the supplies listed under each photo.

**A Large Ohio Star Block** (26 x26)

1 fat quarter of a favorite color  
1/2 yd. of contrasting fabric for background. (you will have a lot left over)  
Matching thread

**Eight Point Star** (36x36)

1/2 yd. of background fabric  
(You will have leftovers.)  
2 fat quarters of contrasting colors  
Matching thread

**Consider making both!**
