## Vice-Presidents Message

Thanx to all Guild members who attended the first Knox-Schiwal Executive Board Meeting.

As a Guild we have much for which to be thankful – our Dear Caryl was stitched back together and is on the mend, a new meeting place, active members, good teachers from within our Guild and outside, fine friends and fantastic fabric, food, fun, and fellowship.

New ideas and suggestions have been incorporated and many more were discussed at the Executive Meeting.

Denise pointed out that passing papers during meetings is not working and too disruptive. To better the situation a SIGN-UP table will be located near the food and kitchen area. It will be manned by the committee/s needing volunteers, sign-ups and/or money.

Jessie pointed out that a few “regulars” bring all the food all the time. In a Guild with an average attendance of 30-35, the joy of sharing our culinary expertise Should be shared by all. It was suggested that a large sign-up sheet or the equivalent be established for quarter at a time. The Guild all agreed the Hostesses can CALL members to participate. Better yet: if you have NOT yet provided “treats” this first quarter, call Jessie and volunteer. Her number is 678-567-9598

Phyl recommended that Cherokee Rose be well represented at the Fall 2007 GQC Convention in Rome. It is on the 13th of October. Sharon Schamber will be the speaker. Visit her website at: <http://www.sharonschamber.com>.

Discussion of how Golden Scissors is awarded was brought up by Jessie. Please volunteer to be in Jessie’s group if you have some input. She will compile a solutions. (See page 7 for more details).

Our Treasurer, Irene, typed a list of 2007 expenditures and credits. Thank-you for making our monies transparent. Fees and contracts were discussed. The difficulty of scheduling workshops on weekends was discussed in detail.

See you all at the meeting....Phyl

# Board Meeting Minutes

Quilters Guild

## Board Meeting Minutes, March 22, 2007

Board Meeting (request of President that minutes are taken, even though this is not an 'official' meeting)

- Narrative: Phyl conducting meeting in President's absence. Thank you's from Caryl and Phyl. Praised group for acceptance of responsibility (groups, committees and sub committees). Thanks to gatekeepers Jessie and Ann for having the building opened and then secured behind us. Appreciate concern for Caryl.
- Updates. List to be passed around for help in the coming weeks. Phyl encouraged participation in the activity of the guild: workshops and trips. There will be upcoming trips to quilt shows and other shops and car pools would be nice to have set up.
- Robin reported that the June Day program would be in conflict with the church scheduled Vacation Bible Study Since the program was SUN printing, maybe we should go to a park? Hunter park and have a picnic and program.
- Discussion about food coming to meetings: the same people are bringing food – let's ALL share in this and bring more food. Sign up will be located on a sign up table between the president and the kitchen.
- Does the Golden Scissors' team need another person (to help fill in when the regulars are unable to attend)? Led to discussion of the awards – scissors and pins – for finished / unfinished projects / hand quilted / size of finished project / recognition (or not) of machine quilting??? Caryl and Phyl will look into getting some folks together to debate and brainstorm this / these issues, and give feedback and suggestions to the group.
- Treasury report was fraught with inaccuracies and several corrected. More to follow ie. Printing costs should have been placed in the challenge budget and Ways and means reports their figures should be credits . Charade should have been in the Night program budget and photos have a budget and do not belong in Night budget. Irene will resubmit for the newsletter.
- Issue of Workshop. Seems that workshops are supposed to make money in theory. However, when they do not (as occasionally happens) the guild absorbs the cost. Several factors come into play. The program committee asks each meeting (day and night) what they think and about how many people would be interested in attending. Life happens and sometimes we are interested, but unable to attend. Several suggestions were made including the need to pay when you sign up. If you are unable to attend, someone else may 'buy' your spot, or not. If you are unable to attend something you have signed up for, please call. Also suggested that the week before an event – telephone calls be made as reminders, as sometimes we simply forget. Stress to ALL – If you sign up to do something, please do it. If you sign up to come for something, come.
- Please schedule QTYW way in advance and announce dates ASAP.
- Question? Do we want to have stencils in the library? Catalog shown. YES!!! Suggestion to library. Ask members to donate stencils. Then look to see what we might need to fill in. Cabinet Space. Fairly agreed that we need another, we have the church's permission. Now up to Caryl / Phyl to approve and appoint someone to make it happen.
- Question for Ways and Means? Could someone rent space at a meeting and donate funds to the guild? To whom should they apply? What sorts of vendors would we allow??? Issue of Tote bags. (also looked into t shirts and denim shirts but 1 project at a time) Silk screen bag with current logo and green handles and bottom would be ordered for 11.73 and sold for \$25.00. OR we could have an embroidered bag for more and the profit would be less. Folks remembered that the previous embroidered bags were sold for 35.00. Discussion and show of hands – the embroidered bag at 35.00 was the way to go. Sign up and pay up front will be presented at the meeting. Board meeting adjourned.

How long have you been quilting? 5 Years

What got you started in quilting? I was introduced to Quilting when I was 8 years old. Our family moved from Philadelphia, PA an hour north into Pennsylvania Dutch Country. The Pennsylvania Dutch ladies, at our church, would all seat around one quilt in a frame on Wednesdays. My Mom was encouraged to join them and so she did. My elementary school was right across the street, so after school I would walk over to meet my mom. I remember one day they let me take a few stitches in the quilt. My Mom has only made a few tops herself but hand quilted on many that were put in that frame. My Sister (who is 18 years older then me) has been the real quilter in the family and has been quilting along time. I never really wanted to start quilting because I saw how much time it took to complete a quilt from piecing to hand quilting. But, when Gene and I got married my Mother-in-Law (another women in my life who could make quilts) asked me what kind of quilt did we want her to make for a wedding gift. I asked her if she would make us a wedding ring quilt. She asked me if I would pick out the fabrics and I was off to my first trip to a quilt shop. I remember seeing a quilt that was machine quilted and thinking maybe I could quilt- if I could machine quilt.

Who taught you how to quilt? I took one beginners class and made a nine patch/snowball wall hanging. I have learned through books, TV shows and all the Cherokee Rose Quilts Guild Classes

What are your favorite quilts to do, i.e appliqué, piecing, paper piecing? I love the whole process of piecing fabrics together like a puzzle. Paper Piecing is really fun because of the ease in which you can piece unusual shapes. Applique is one skill I want to really work on. I have been taught how but have not made the time to really sit down and do it.

What are your favorite colors to work with? Well, this is a really hard question. I used to think I had favorite colors to work with (ie. hunter green, burgundy, and navy blue) then I was introduced to this world of quilting and all the different types of quilts you can make. What I am really drawn to right now is the way all different colors work together to make a whole new palette

Favorite fabrics, ie Batiks, floral, kid prints? Oh! I do love those batiks.

Favorite Quilt shop? Well, here is another tough question. I just don't like to pick favorites. Maybe I should say, I haven't been to a quilt shop I didn't like.

If you sew by machine, what kind of machine(s) do you use? Pfaff 1473 CD

What inspires you to make a particular quilt most often? I am inspired by fabric (that's why I collect it) ha! ha! I seem to also collect patterns (quilt magazines and books).

Favorite quilting book or pattern? Lone Star Quilts by Jan Krentz and Karen K. Stone Quilts (favorite pattern in book-Cinco de Mayo). I have loved reading and have all of Jennifer Chiaverini's novel on the Elm Creek Quilters

On average how many quilts do you make in a year? I am sad to say probably on about 1 per year.

Do you quilt you own quilts or do you send them out? I am trying to quilt my own. This is why I don't get many done. I have a lot of tops that are not quilted yet.

What quilt related item are you working on right now? Paper Piecing New York Beauty

What other hobbies do you have besides quilting? Square Dancing and Round Dancing (cued Ballroom Dancing), I have been a member of the Song of Atlanta Show Chorus for 12 1/2 years. We are a competing show chorus-by the way we just competed in our regional competition this weekend and won 1st place. This has qualified us to compete in the International Competition to be held in Honolulu, HI in November of 2008. I have just recently returned to my love of crocheting.

One way that quilting has changed your life? I have made such wonderful friends being a member of CRQG.

Feel free to tell us more about yourself and your family below. I am married to a wonderful husband Gene. We will be having our 13th Wedding Anniversary on April 30. I moved from Pennsylvania to Georgia when we were married.

## April Day Program News

### New York Beauty Blocks April Day Program

At the April Day Meeting, we will be making New York Beauty Blocks. This complicated looking block is not all that hard to make, so pack up your sewing machine and grab some fabric! First, Robin will show some finished New York Beauty quilts and some sample blocks, as well as photos and patterns of lots more. After lunch, we will sew some blocks from the patterns that will be provided. Robin will demonstrate how she assembles the blocks and provide some foundation piecing pointers, while Doreen Thornton will help those new to paper piecing get started off right. We plan to sew until about 2:00 or 2:30, so everyone should go home with at least 4 finished blocks.

the beginning of a fabulous quilt, or the center of

a medallion-style quilt, or a cool tote bag, or....whatever! If you have a New York Beauty quilt, or the pattern for a New York Beauty quilt you've always wanted to make, bring it along to share.

**Here is the supply list for 4 blocks that finish to 8 inches square:**

**Fabric** – a Fat Quarter of a fabric that you want to use as the “background” – but it can be any color. Then you will need 3 other fabrics (Fat Eighth or scraps) that contrast with the background fabric. Remember that we are going to do some “fancy” piecing, so pick fabrics that will show off this work.

**Thread** that blends for piecing (not Aurifil—it is not strong enough)

**Sewing machine** and basic sewing supplies

**Small mat and small ruler** (6” x 12” ruler or similar)

**Paper scissors**

**Flower head** (or similar flat head) pins

**Add-A-Quarter ruler**, if you have one

**Iron**, if you have one that's easy to bring

### Ways and Means

Ways and Means is taking orders for large tote bags embroidered with the guild logo @ \$35, payable in advance. Please see Linda, Pat or Phyl. Congratulations to Robin M., winner of the "Henry Ford Museum" book.
